

thermOweld® EZ Lite Remote® 2.0

Sleek In-Line design, uses current EZ Lite Ignitors

The new EZ Lite Remote® 2.0 In-Line Battery Ignition System is available in multiple configurations to suit your needs.

Using the existing EZ Lite Ignitor Sticks (**38EZLTIG**) and our standard weld metal, the EZ Lite Remote 2.0 is easily integrated wherever thermOweld® product is already in use.

Powered by the same proven Makita® Lithium Ion battery platform, compatible with all Burndy Patriot® tools, reduces the need for multiple styles/sizes of batteries to carry onto a jobsite.

Features and Benefits
