

GANGABLE SWITCH BOX PARTITION

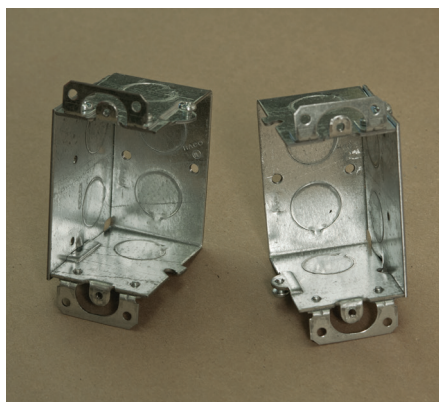

599

Application

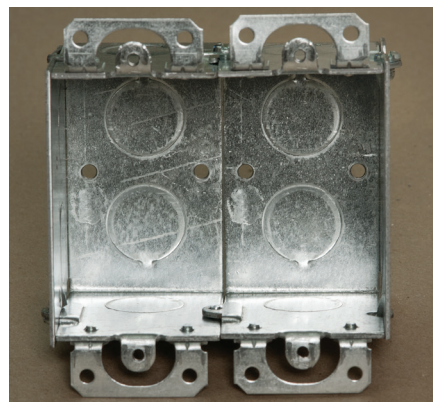

RACO 599 gangable switch box partition is used to separate power from voice and data inside gangable switch boxes.

Features

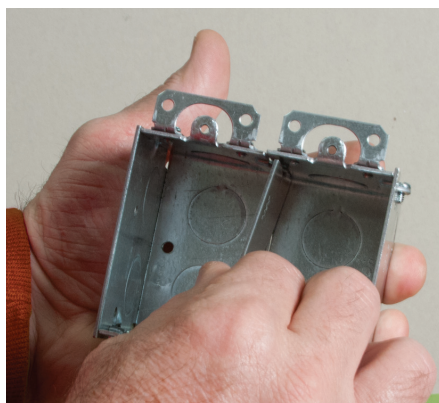

- Partition is designed to be used with all RACO 2-1/2" deep gangable switch boxes
- Steel construction

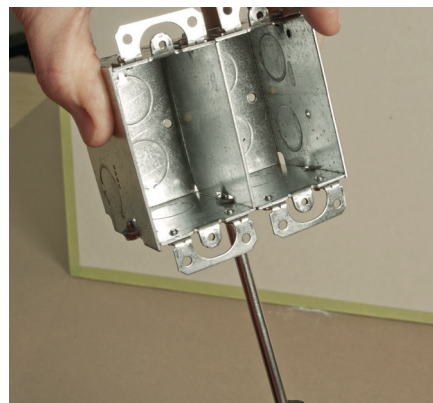

Step 1.
Loosen screws and remove sides.

Step 2.
Position boxes together leaving screws loose.

Step 3.
Insert partition at slight angle then twist into position.

Step 4.
Lock partition into position by tightening screws.
