

# Floor boxes for structural wood floors

## Concealed receptacle features power and USB charging

Put power where you need it. Our floor boxes for structural wood floors feature recessed receptacle to hide plugs and prevent them from being disconnected. Built-in USB charging ports add convenience for mobile devices.

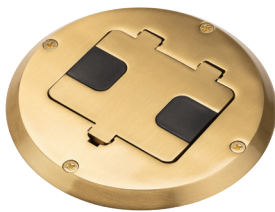

### FEATURES

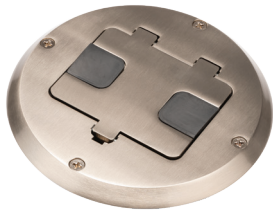

- 15A/125V Tamper Resistant/Weather Resistant Duplex Receptacle
- Combination Ports, One Type A and One Type C
- Either side of the receptacle can be used with closed cover
- No unsightly plugs on floor surface
- Three premium finishes—Brass plated, Nickel plated, and Black
- Complies with NEC® Article 406.11

### APPLICATIONS

Place power and charging on wood sub-floors for lighting, entertainment equipment and mobile devices in great rooms and offices.
