Application

Place power where you need it! Provides safe, code-compliant way to add an outlet to raised outdoor floors. Suitable for lights, fans, device chargers and other electric appliances. Protects from water spray, rain or snow. Cost-effective upgrade for today's outdoor living.

Features

- Provides convenient power access on raised wood or composite decks and porches
- Low profile design meets ADA standards, includes beveled edge and slip-resistant texture
- Heavy duty UV-resistant polycarbonate for durability even in harsh environments
- Cord hooks hold two power cords in place, including most 16 gauge grounded extension cords
- Fits standard duplex, decorator and GFCI receptacles
- Rain chamber and "drip loop" design provide two levels of in-use protection
- Pre-attached weatherproof gasket keeps water from entering around the self-closing lid

NEC & NEMA 3R Compliant
