

Inde-Pendant Pendant Indirect/Direct

Fixture Type:

Project Name:

Ordering Guide

Feature	Code	Options	Description
Series		32L	Inde-Pendant
Configurations		R20 R30 R40	20" Diameter Ring 30" Diameter Ring 40" Diameter Ring
Mounting		P	Pendant
Primary Finish		C1 C4 C5 CC	Matte White (Default) Machined Aluminum Carbon Black Custom Color
Accent Finish		/AC1 /AC4 /AC5 /ACC	Matte Finish (Default) Machined Aluminum Carbon Black Custom Color
Color temperature		30K 35K 40K	3000K 3500K 4000K
Ring Output (specifiable in 50 lumens increments)		R035 R230	350 2300
Driver		NDM D01 DALI	Non Dimming 1% Dimming, 0-10V DALI
Circuiting		1C	1 Circuit
Voltage		UNV 347	Universal Voltage (120-277) 347 Volt* *Excludes DALI Dimming Option
Ceiling Type		GDW PT OC	Grid or Drywall (Default) Plaster Trim Open Ceiling
Suspension kit		FA5 FA6 FA7	Suspension Kit, 48" (Default) Suspension Kit, 120" Suspension Kit, 240"
Canopy Color		/C1 /C4 /C5 /CC	Matte White (Default) Machined Aluminum Carbon Black Custom Color
Optional Features	Code	Options	Description
Chicago Environmental Air		CCEA	Chicago Environmental Air Modification

Key Features

- Variable Intensity technology provides specifiable lumen output/wattage
- 2.5 SDCM color variation
- Remote-mounted driver assembly
- Customizable finish variations

32L-R

Inde-Pendant Pendant Indirect/Direct

Details

Construction:

Driver enclosure (GDW & PT)- Die formed steel. Canopy assembly contains die cast aluminum housing with steel canopy fascia plate that secures to housing using neodymium magnets. Canopy contains nylon bushings as power over aircraft isolation.

6" Ceiling depth required for driver installation.

Ring-Roll formed extruded aluminum joined by die cast aluminum brackets containing nylon bushings as power over aircraft isolation.

Ring collar- Die cast aluminum with injection molded plastic insert for cable insulation.

Diffuser:

Flexible acrylic holographic film (ships installed).

Finish/Color:

Visit www.litecontrol.com/finishes for details.

CCT:

30K-3000K output multiplier (0.97)

35K-3500K output multiplier (1.00)

40K-4000K output multiplier (1.02)

*All photometric files below based off 3500K. Any deviation from this color temperature is subject to have lumen output altered by multiplier shown.

Ex. 2000 lm x .97=1940 lm in 3000K

Color Variation:

2.5 step MacAdam ellipse

Driver Lumen Output Range:

Ring

D01 or NDM: R035-R230

DALI: R035-R230

347V: R065-R230

Output (VI technology):

Variable Intensity (VI) technology allows precise specification of fixture output/wattage. Fixture will be programmed and labeled to specification. Specify each in 50 lumen increments within the below range:

	Lumens	Nomenclature
Ring		
Min:	350	R035
Max:	2300	R230

Driver:

NDM: Non-dimming. Fixture will be wired for fixed light output.

D01: 100%-1% dimming range. Fixture will be wired for low voltage 0-10V dimming control.

DS1: Soft-Start 100%-1% dimming range. Fixture will be wired for low voltage 0-10V dimming control.

D00: Dim-to-off 100%-1% Dimming range. Fixture will be wired for low voltage 0-10V dimming

DS0: Soft-Start Dim-to-off 100%-1% dimming range. Fixture will be wired for low voltage 0-10V dimming control.

DALI: DALI compatible

*See driver limitations in Driver lumen output ranges section below.

Field Accessibility:

LED drivers and light engines can be accessed and removed from below ceiling. Contact factory for details.

Rated Life (LED Board):

Tested in accordance to LM79-2008 & derived from EPA TM-21 calculator
L70:> 54,000 hours (reported per TM21/LM80 6x limitation)

Rated Life (Driver):

100,000 hours

Fixture Weight:

7 lbs.

Ratings:

CSA listed for damp locations. IBEW. AF of L. This product qualifies as a "designated country construction material" per FAR 52.225-11 Buy American-Construction. Materials under Trade Agreements effective 8/14/2020. See Buy American Solutions.

Warranty:

LED boards- 5 years

LED drivers (standard)- 5 years

LED drivers (Lutron)- 3 years

Circuiting:

1C (1 Circuit) Fixture wired for a single circuit.

Suspension Kit:

Class 2 power over aircraft cable, 1/16" diameter field-adjustable. Ship separately installed with driver enclosed.

32L-R

Inde-Pendant Pendant Indirect/Direct

Details (continued)

Planning for Installation:

Minimum distance of 12" between ceiling plane and ring collar to ensure access into driver enclosure.

*For complete details, reference Installation Instructions at Litecontrol.com.
