Catalog ID: AG-17A

Animal/Bird guards, Two-piece

- Made from a specially blended plastisol (PVC) material
- Gray appearance with black added for UV protection
- Double locking rings keep guard from sliding down on the insulator
- Expandable base fits many sizes of insulators (O.D.)
- Over 17" tall, minimum thickness from 100 to 125 mils (1/8"), with a voltage gradient of 300v/mil
- A fungicide is added to prevent the formation of mold when installed in shady areas
