

HUBBELL Power Systems

Extension Strap

By ANDERSON

Catalog # [ES607819L](#)

Extension straps are used to attach associated hardware and maintain proper tower clearance within a transmission assembly. Because extension straps may be furnished in a variety of lengths, widths, thicknesses, as well as hole spacings, please contact factory for dimensional variations and different ultimate strengths. Material: Body - galvanized steel.

Features

- "Material: Galvanized Steel"
- "To specify catalog number, replace "L" with required length in inches. Example: ES60781936 for 60K strap 36" between hole centers"
