

RPX® Suspension Clamp

By ANDERSON
Catalog # [HUBRPXSUS](#)

RPX® in-span Suspension Clamp

*Representative Image

Features

- Ease of installation allows for faster overall network construction
- Has a wide range of angular usage, reducing the occurrences of Double Dead-End applications
- Designed for fast installation without the use of a rubber insert
- Protects the cable from attenuation by not allowing the cable to bend more than 40 degrees from center of clamp

Application

Suspension clamp for RPX cable

General

Material - Bolt	Stainless Steel
Material - Casting	Aluminum Alloy
Material - Washer	Stainless Steel
Product Category	Communications Connectors
UPC	096359592600

Logistics

Carton Quantity	10
Pallet Quantity	360
