

Audio Messenger Interface - Wall-Mount

By Austdac Pty Ltd
Catalog # 10959-201

The innovative Audio Messenger Interface (AMI) from GAI-TRONICS® provides superior quality digital tone/speech generation and offers telephone interface and feedback elimination capability. A Compact Flash™ Card Kit stores the configuration programming, the voice and tone recordings, and provides CD-quality sound reproduction. With the capability to generate emergency tone alarms, pre-recorded voice messages, and automated normal operation announcements, the AMI is the answer to many communications needs.
