

VR Help Point (VoIP), 2 button, hands-free (faceplate only)

By Austdac
Catalog # 116-02-0012-001

The VR Help Point family of telephones is fully electronic, vandal and weather resistant. It provides hands-free loudspeaking communications for any public area. GAI-TRONICS' VoIP-SIP telephones support Power over Ethernet (PoE) to combine power and connection to LAN or WAN, offering a wealth of additional features including real-time reporting via SNMP, and can be configured by web browser.
