

Commander (GSM), 18 button, (Euro Plug), CE Marked

By Austdac

Catalog # [231-02-001J-212](#)

The **Commander** family of telephones are tough, weather resistant units built to withstand abuse and environmental extremes; moulded in glass filled polyester to prevent rust and corrosion. It is simple to install with fixings concealed from view giving increased security from vandalism. Designed for indoor or outdoor use, the **GSM Commander** offers wireless communications to provide a completely stand-alone telephone installation. The GSM phone greatly reduces installations costs by eliminating running wires. The battery and GSM terminal are housed inside the unit to provide a complete rugged telephone.
