HUBBCOM™ Remote IP Device (Door/Gate Access)

By Austdac
Catalog # GRC600

The HUBBCOM™ Remote IP device is featured as a door or gate entry device, providing the convenience of card entry with the ability to connect to a live attendant for entry. In addition, as a remote monitoring station, HUBBCOM™ Remote provides clear video from its HD, ONVIF-compatible camera and audio from a built-in microphone. The HUBBCOM™ Remote also gives you the option of making an announcement through the unit's integral speaker.
