HUBBELL

Device Configuration
Adding your device to a Z-Wave network

Once the hub is ready to add your smart dimmer, press and release the top or bottom button on the smart dimmer to add it in the network.

To remove and reset the device

Once the controller is ready to remove your device, press and release the top button on the smart dimmer to remove it from the network.

S2 + SmartStart install

The controller's app will indicate if it has discovered the device. If prompted by the controller to enter the S2 security code, refer to the QR code/security number on the side of the box, or the QR code label on the product. Enter the 5-digit code.
