

## BDBMCS2NA

by Burndy  
Catalog ID: BDBMCS2NA

Prop 65 Notice

Distribution block, One pole Finger Safe 14-2/0 (Tap).

Provides capability to create as many poles as required and Up to 30 tap conductors accommodated

## Product Details

### General

|                    |                                                                                                                    |
|--------------------|--------------------------------------------------------------------------------------------------------------------|
| Application        | VERSI-POLE Power Distribution Blocks are designed to provide modular solutions to power distribution applications. |
| Insulation         | Y                                                                                                                  |
| Material           | Aluminum                                                                                                           |
| Plated             | Y                                                                                                                  |
| Plating Type       | Tin                                                                                                                |
| Sub Brand          | VERSIPOLE                                                                                                          |
| Temperature Rating | 194                                                                                                                |
| Trade Name         | VERSIPOLE™                                                                                                         |
| Type               | BDB                                                                                                                |
| UPC                | 621945448834                                                                                                       |
| UPC 12 Digit       | 6219454488344                                                                                                      |

### Electrical Ratings

|                          |       |
|--------------------------|-------|
| Rating - Minimum Voltage | 600   |
| Voltage - Maximum        | 600 V |

### Conductor Related

|                |                                                                                                                                     |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Conductor Type | <ul style="list-style-type: none"><li>• AL C Str-Run</li><li>• CU C Str-Run</li><li>• AL C Str-Tap</li><li>• CU C Str-Tap</li></ul> |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------|

### Certifications and Compliance

|                                    |     |
|------------------------------------|-----|
| Certification - CSA Approved       | No  |
| Certification - cULus              | Yes |
| Standards - RoHS Compliance Status | CM  |

### Logistics

|                       |   |
|-----------------------|---|
| Minimum Pack Quantity | 1 |
|-----------------------|---|
