Cradle, 16' Side Open 31"Sup

by CHANCE Utility
Catalog ID: C4010355

Designed specifically for selective removal of any one string in deadend bundles, double, triple or quad, the Side-Open Cradle eliminates the need of removing top strings in the bundle to get at the lower string. Cradles are shipped complete with bridle for attaching to Swivel Boom, an Insulator Retaining Plate and Hook Assemblies. The 31-inch Assembly is for removal of the bottom strings in 4-bundle deadends, and for double "V"-string assemblies. The 16-foot Cradle is rated at 1000 pounds maximum load.
