

Plastic Universal Head, 1-1/4"

by CHANCE Utility
Catalog ID: C4031996

HEAD, PLASTIC UNIVERSAL, Sized to retrofit over 1-1/4" diameter Chance Epoxiglas® hot line tools, plastic head is available in kit form for shop installation. It is intended for users concerned about hotsticks with metal ferrules that could draw an arc or effect a short circuit in close-clearance worksites. The kit includes a black plastic (glass-filled nylon) ferrule with splines to accept Chance Universal Tool Accessories, a thumbscrew to hold the accessory in use, two drive screws and an instruction tag. Simple procedure requires attaching ferrule to pole with Epoxiglas Bond Kit H1917, drilling through holes and installing the drive screws.
