

# Insulator Cover, 12"

by CHANCE Utility  
Catalog ID: C4060557

INSULATOR COVER, 12", These covers provide a highly versatile system of covering up a wide variety of configurations on distribution systems. The conductor covers couple with the insulator units and deadend units to cover pin-type or post-type insulator construction. Together, they virtually surround the hot parts and hardware to give lineworkers extra protection when rubber gloving or using hot sticks. Each item is fitted with an adapter for multiposition handling by Grip-All clampsticks. These covers also couple with Chance 25 kV covers, Classes 2, 3 and 4 of rubber line hose and major brands of rubber insulator hoods. All covers are bright orange in color. All are made of of highdensity polyethylene in a uniform wall thickness for excellent dielectric/puncture strength and perform well from -50° to 170°F. Ultra-violet stabilizers in the material help inhibit degradation as a result of atmospheric exposure. Insulator covers come in two heights. Either 12" or 16.5" tall cover fits 6.5" to 9"-diameter pin or post insulators. Special slits in the insulator covers help locate the conductor and hardware when installing the covers.

## Product Details

### General

Style	With Clampstick Adapter
UPC	096359294610

### Dimensions

Weight	10.898 lb
--------	-----------

### Electrical Ratings

Withstand Voltage	36 kV Phase-to-Phase
-------------------	----------------------

### Logistics

Pallet Quantity	20 EA
-----------------	-------
