

# Clamp, Tie Back

By Chance Lineman Tools & Equipment  
Catalog # [C4000600](#)

The Tie Back Clamp installs with a Grip-All clampstick. It is used with a Tension Puller to keep the tail of a conductor out of the work area by tying it back to the main line after it has been cut. The clamp also may be used to hold a jumper on the main line while applying a compression connector.

## Features
