

Cable Lift Tool 40 in (1.0 m) Length

By Chance Lineman Tools & Equipment
Catalog # [C4031078](#)

The Epoxiglas Cable Lift Tool was originally designed to move heavy electrical cables in mines, but also serves as an efficient method of moving other heavy cables on the ground. The tool is 40" in overall length and has two .5"-diameter spiral grab hooks that will pick up cables up to 2" diameter by rotating the tool only a quarter turn.

Features

- Originally designed to move heavy electrical cables in mines
- Also serves as efficient method of moving heavy cables on the ground
- 40" long and has two ½"-diameter spiral grab hooks
- Will pick up cables up to 2" diameter by rotating the tool only quarter turn
