

Jumper Terminal, 15kV, Shrouded, Plain Plug, 1/0

By Chance Lineman Tools & Equipment
Catalog # [C6010191](#)

15kV #2 Plain Plug Shrouded Terminal for use with grounding clamps and EPR 15 kV Jumper Cable as temporary jumper assemblies (and should not be used with insulated jumper clamps). Extra heavy-duty shroud prevents excessive cable stress at terminal connection.

*Representative Image

Features

- Jumper terminal for 15kV EPR Jumper Cable only
- Extra heavy-duty shroud prevents excessive cable stress at terminal connection
- For plain-plug style ground clamps (temporary jumper use only)
- For 1/0 15kV jumper cable
