

## Jumper Terminal, 15kV, Shrouded, Plain Plug, 2/0

By Chance Lineman Tools & Equipment  
Catalog # [C6010192](#)

15kV 1/0 Plain Plug Shrouded Terminal for use with grounding clamps and EPR 15 kV Jumper Cable as temporary jumper assemblies (and should not be used with insulated jumper clamps). Extra heavy-duty shroud prevents excessive cable stress at terminal connection.

### Features

- Jumper terminal for 15kV EPR Jumper Cable only
- Extra heavy-duty shroud prevents excessive cable stress at terminal connection
- For plain-plug style ground clamps (temporary jumper use only)
- For 2/0 15kV jumper cable

### General

Die Size	U166-206
EU RoHS Indicator	No
Material	Copper
Style	Shrouded, No Threads
UPC	096359024651

### Dimensions

Weight	0.1 lb
WeightMetric	0.1 kg

### Electrical Ratings

Current Rating	300 A
----------------	-------

### Conductor Related

Conductor Size	2/0 AWG
