

Jumper Terminal 15kV Shrouded Threaded 1/0

By Chance Lineman Tools & Equipment
Catalog # [C6010199](#)

*Representative Image

15kV #2 Threaded Shrouded Terminal for use with grounding clamps and EPR 15 kV Jumper Cable as temporary jumper assemblies (and should not be used with insulated jumper clamps). Extra heavy-duty shroud prevents excessive cable stress at terminal connection.

Features

- Jumper terminal for 15kV EPR Jumper Cable only
- Extra heavy-duty shroud prevents excessive cable stress at terminal connection
- For threaded ferrule style ground clamps (temporary jumper use only)
- For 1/0 15kV jumper cable

General

Catalog Number	C6010199
Die Size	U243
