

Spreader Bar

By Chance Lineman Tools & Equipment
Catalog # [E4020099](#)

SPREADER BAR FOR LADDERS, Quick, easy rigging on most types of structure is the feature of the ladder attachment sets, affording efficient use of the Epoxiglas®- ladder as a platform for live-line maintenance. The sets were designed to be attached to either steel or wood structures, vertical or horizontal, to support the structure-end of the ladder in a tagged-out position. These sets are designed for use on 2.5"-dia. side rail ladders and can be ordered as sets or choosing the individual components. The diagram below shows a typical rigging and working loads with various guy mountings.

Features

- Quick, easy rigging on most types of structure
- Converts Chance Epoxiglas™ ladder to a platform for live-line maintenance
- Sets are designed for steel or wood structures, vertical or horizontal
- Support the structure-end of the ladder in a tagged-out position
- Sets are designed for use on 2-1/2"-dia. side rail ladders
- Can be ordered as sets or individual components
