

Fuse Puller for ½ to 1.5 in (13 to 38 mm) fuses

By Chance Lineman Tools & Equipment
Catalog # [M445577](#)

The Fuse Puller may be preset to any position desired and locked there by tightening the wing nut. A spring assembly also permits the tool to be preset without locking, so that it will align with the fuse during the pulling operation. The Fuse Puller is opened and closed by turning the pole. Its jaws are plastisol covered.

Features

- For 0.5 in to 1.5 in (12 mm to 38 mm) fuses
- May be preset and locked to any desired position
- Spring assembly permits the tool to be preset without locking
- Jaws are plastisol covered
