

Bushing Braze Style Draw Lead Terminal

By Electro Composites
Catalog # [S-4379-3531](#)

*Representative Image

3/4-12 to 0.625" ID Braze Style Draw Lead Terminal (69kV & Below) 600A Max current - For use with Electro Composites SDC Style Bushings and PCORE PRC & POC Style Bushings

Features

- Draw Lead Terminal
- 69kV and below
- 600A Max Current
- Fabricated with electrolytic copper
- For use with Electro Composites and PCORE LV IEEE Bushings

Application

Condenser Bushings

General

Catalog Number	S-4379-3531
Material	Electrolytic Copper
Thread Size - Female	0.625" ID
Thread Size - Male	3/4-12
Type	Drawlead Connector

Dimensions

Diameter - Outside	0.875 in
Height	0.875 in
Length	5.25 in

Electrical Ratings

Current Rating	600 A
kV Class	15kV - 69 kV

Certifications And Compliance

Industry Standard(s)	IEEE
