

#10 AWG 7" Green Insulated Connector plus Hook

By EMC

Catalog # **EM-LP1007H25GR**

Low profile shield connector with #10 AWG Hook Terminal cable assembly.

Features

Comes with a factory-crimped #10 AWG flexible harness attached. No special tools are needed for installation. Standard pliers provide the necessary force for a permanent connection to the shield and jacket of the cable, that won't loosen over time
