

# ChargeBase™ EV Charging Cable Retractor System EVB-NP-06

By Gleason Reel  
Catalog # [EVB-NP-06](#)

Boom assembly is designed to support level 3/DC fast charging cables in indoor and outdoor applications. Multiple trolleys and a balancer allow the cable to be easily moved and stored when not in use. The balancer allows the charging head to be lifted off of the ground, avoiding costly damage and down time. Specially designed Nylon saddles support the cable to keep it from being damaged.

## Features

- Multiple Boom lengths
- Saddles designed for level 3(DC Fast charging) cables, balancer has a 9ft stroke

## General

Catalog Number	EVB-NP-06
Charging Level	3/DC (Fast Charging)
Windage	118 mph simulated winds
