

## Level Wind Reels

By Gleason Reel

Direct replacement for existing low profile reels with up to 100' of cable. For magnet or hook/rotate applications.

### Features

- Externally mounted springs can be easily adjusted or replaced
- Parallel spring design provides greater application flexibility. Winding tension is tailored to your needs by increasing or decreasing number of springs and by easy spring adjustment

- Standard 35, 75, 125 or 200 amp collectors used
