

Sentinel Help Point (SMART analogue), 16 button metal keypad, (faceplate only)

By GAI-Tronics
Catalog # [228-02-650G-009](#)

The hands-free weather resistant **Sentinel** is flush or surface mounted and designed to be fixed to a vertical surface by vandal resistant tamperproof screws. The combined metal keypad and stainless steel faceplate provide protection from the harshest environments up to IP65. **Self Monitoring And Reporting Telephone(s)** can be integrated with GAI-TRONICS' **TMA** monitoring a maintenance software. SMART gives advanced features including remote programming, fault monitoring and call logging, all from a line-powered telephone capable of operating up to 7km from the exchange on a two-wire cable.
