GAI-TRONICS®
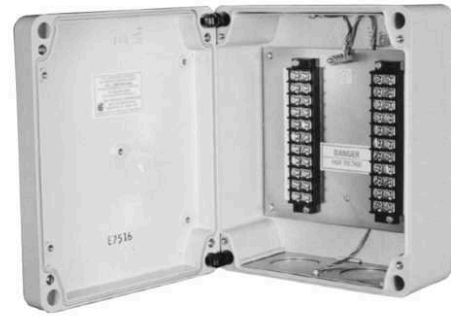

Indoor/Outdoor Terminal Box (22-point)

By GAI-Tronics
Catalog # 9974

The 9000 Series design incorporates technologically-advanced materials to endure harsh environments. Model 9974 accommodates up to four inter-station connections, significantly reducing costs by reducing conduit routing. Packaged in glass reinforced polyester with the housing composed of two modular subassemblies (the front panel and the rear enclosure), this modular design allows the front panel to be detached from the rear enclosure to simplify installation

Features

- Constructed of corrosion resistant, glass reinforced polyester for suitable NEMA 4X harsh indoor and outdoor conditions
- Accommodates up to four inter-station connections, significantly reducing costs by reducing conduit routing
- Hinged door with captive screws

Application

Harsh Indoor & Outdoor Conditions

General

Material	Gray, glass-reinforced polyester
Mount location	Wall or Column
Series	Page/Party®
Temperature Range	-40° C to +70° C (-40° F to +158° F)
UPC	850025795234

Dimensions

Cubic Capacity	288.8 cu.in
Depth	3.8
Height	9.5 in
Width	8 in

Certifications and Compliance

Hazardous Rating(s)	• Class I, Div. 2, Groups A, B, C, D • Class II, Div. 2, Groups F and G • Class III, Div. 2
Nema Rating	Type 4X
