Catalog # [C002351](#)

PLAHBO-T Audible Power Loss & Low Temp. Alarm

*Representative Image

Features

- Consists of the cabinet, battery, battery charger, relays, 95-decible horn, temperature sensor, six foot power cord and plug.
- Designed to activate the horn if the enclosure loses electrical power or if the temperature falls below the set "adjustable" temperature.
- With a fully charged battery the alarm should activate for a minimum of six hours or until deactivated.
- Alarms operate on 120V, single phase service and plugs into a G.F.I. receptacle.
