

C5LED 5" NEW CONSTRUCTION LED RECESSED HOUSING

Specifications:

Description:

The C5LED is a 5" IC, airtight, downlight housing, specifically designed to provide the contractor with the best value downlight. The C5LED is intended to be used with LED recessed retrofit trims.

Application:

Ideal for new construction, the C5LED can also be used for most light commercial and residential applications where insulated ceilings require an IC rated, line voltage downlight.

Approvals:

UL/CUL Damp Location Listed. IC listed for direct contact with insulation. Airtight tested to ASTM E283 standards. Meets State of Washington and California Title 24 Restricted airflow requirements.

Housing:

Snap-on J-box doors provide easy access for wiring and field inspection. Housing adjusts up to 1" to accommodate different ceiling thicknesses.

Installation:

Pre-installed bar hangers with locking screws, integral nail, and alignment tab for wood joist construction. Hangers accommodate ceiling joists of up to 24 inches on-center. Captive bar hangers secure housing in place and can be reoriented 90° to housing.

Lamps:

For use with HomeStyle HS56-WH-30K9 LED retrofit trim.
