

## Pad Mount Enclosure, 2 Doors, 34"x34"x43"

By Hubbell Power Systems  
Catalog # [NE342000WD1](#)

Hubbell Shelters can be used in a myriad of pad-mounted equipment applications. Whether they're completely outfitted as a sectionalizing cabinet or housing switchgear, fused-gear, transformers, metering equipment, pumps or other equipment, they stand ready to protect and secure your valuable infrastructure. Hubbell Shelters are also designed for convenient access if any equipment outage occurs.
