

Line Post Sensor - Current & Voltage

By Hubbell Power Systems
Catalog # [PSC82011120](#)

27 kV Line post sensor capable of measuring voltage. Voltage Ratio is 10000:1. The sensor body is formed of cycloaliphatic epoxy material, which provides premium insulation while still being light weight.

Features

- Voltage Ratio: 10000:1
- 27 kV
- Low Energy Analog Outputs (LEA)
- Swing style keeper
- Lay-in groove and clamps for easy installation
- Grounding plate

General

UPC 096359632269
