

HCM3504291 Magnet Controller, HCM350, HUB 4291 Enclosure

By Hubbell Industrial Controls (ICD)
Catalog # [HCM3504291](#)

Features

- Solid-State IGBT Magnet Control.
- Optimize Every Magnet.
- 7 Operating Modes w/ existing 2 or 3 position operator controls.
- Increased lift capacity, reduced discharge time, reduced cleaning time, reduced cycle time, improved lift capacity throughout the shift, reduced magnet operating temperatures (fewer magnet changeouts).
- No moving parts, less maintenance, uses existing connections, uses existing or new operator controls, uses existing DC power supply, uses existing/new magnet, eliminates need for dual voltage magnet controls, voltage spikes eliminated (protects entire electrical system).

General

Catalog Number	HCM3504291
Series	Optimizer
Type	Automatic Discharge
UPC	782899000841

Electrical Ratings

Current / Amperage Rating	300 A
---------------------------	-------

Certifications And Compliance

Enclosure NEMA Rating	12
-----------------------	----
