

NACC750-3S

by CMC

Catalog ID: NACC750-3S

Clear Insulated Secondary Connectors, Dual-Rated for Aluminum or Copper Conductors

- Connector fabricated from 6061-T6 aluminum alloy for conductivity and strength
- Connector is encapsulated in clear PVC rated at 240 volts per mil
- Clear cover allows visual inspection of conductors during installation
- Fully tested to ANSI C119.4 for Class 'A' connectors

Product Details

General

Type	NACC
------	------

Dimensions

Dimensions	4 in x 2 in x 2.75 in
Height	2.75 in
Length	4 in
Width	2 in

Electrical Ratings

Voltage Rating	600 V
