600 Series - Lockdown - For Galvanized Steel Grates

By Polycast
Catalog # [DA0642](#)

The versatile design of the 600 Series allows for flow rates equal to or greater than most larger poured-in-place trench drains (470 GPM per outlet attainable with proper components). It is ideally suited for a variety of commercial and industrial applications. Optional Vinyl Ester channels are available for use in harsh chemical or high temperature applications. DIN Class A - D
