

HUBBELL

Premise Wiring

Single-Gang Keystone Wallplate, Angled, 4-Port, White

By Hubbell Premise Wiring
Catalog # [AFP14W](#)

Hubbell Premise Wiring's angled wall plates offer 45° jack and Audio/Video connector mounting along with TIA/EIA-606A station labeling ability and the traditional features of HPW's standard flush wall plates. The design of the AFP plate positions the patch cord down at an angle of 45°, which provides additional protection against exceeding the minimum bend radius. The 45° angle also protects the patch cord/jack connection from being damaged from office furniture. AFP plates include 2 smooth locations for adhesive labels or can be fitted with optional snap in clear label covers and paper inserts.

Application

- Areas with Capacity Bend Radius restrictions

General

Catalog Number	AFP14W
Color	White
Construction	Molded
Construction Material - Main	High-Impact Thermoplastic (UL 94V-0)
Cutout	NEMA 1-Gang
EU RoHS Indicator	Yes
Item Type	Faceplate
Material	High-Impact Thermoplastic (UL 94V-0)
Material - Mounting Hardware	Screw
Number Of Ports	4
Number of Gang(s)	1-Gang
Orientation	Vertical
Size	Standard
