Lamps

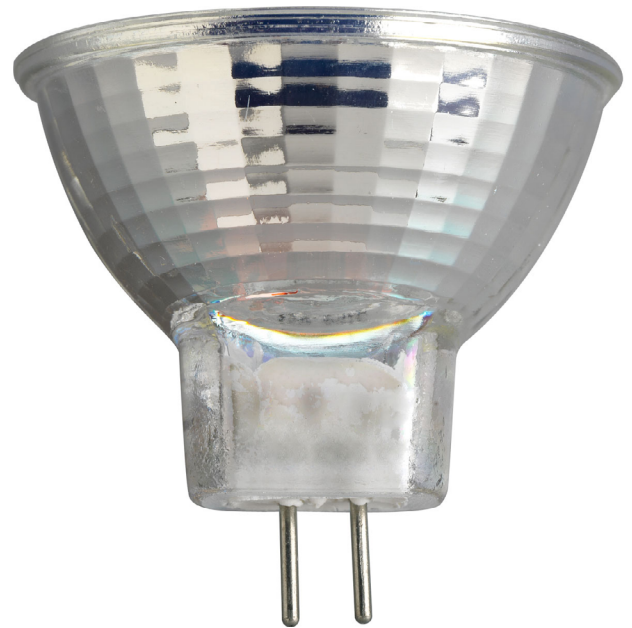

This MR11 light bulb is the ideal choice for landscape or track lighting. Bright, white light adds value to your home with directional light from this medium flood bulb. When used outdoors, these bulbs should only be used in enclosed fixtures. 35w MR11 GU4 bi-pin base, MFL coated lamp eliminates pink color. Coated lamp eliminates iridescent color when illuminated.

- Ideal choice to add value to your home.
- Directional light source.
- Bulb projects a wide beam spread.
- Bright white light.
- This product is not available for sale into the State of California.
