

# Class 2, Type I Solid Blanket, 36" x 36" with 6 Eyelets

by CHANCE Utility  
Catalog ID: PSC4060607

Chance Class 2 flexible blankets help protect workers from accidental contact with energized components during line maintenance. Made of natural rubber, these blankets offer excellent performance properties in accordance with ASTM Standard Specification D1048. The special formulation will retain its excellent physical properties. Versatile protection, maximum rating and flexible to cover many irregular shapes, rubber blankets typically are used with conductor covers (flexible or rigid) on deadends, apparatus, secondary racks, poletop pins and crossarms. For applications through 17kV phase-to-phase maximum, this Class 2 blanket design includes perimeter eyelets to accept Chance button C4060532 and most other buttons existing in the field.

## Product Details

### General

Color	Black
Style	Solid Blanket
Type	Blankets
UPC	096359473817

### Dimensions

Length	36 in
Weight	6.25 lb
Width	36 in

### Electrical Ratings

Voltage - Maximum	17 kV
Voltage Rating	Class 2 V

### Logistics

Carton Quantity	6 EA
Pallet Quantity	96 EA
