SLED
HIGH EFFICIENCY LINEAR LED FACADE FIXTURE

FEATURES

- The SLED Linear LED Lighting System offers a discrete and minimalist design to maximize the lighting effect for marketing your building as your brand while keeping energy usage and maintenance to a minimum.

- Thanks to its intuitive "plug and play" mounting design with integral driver system, installation is quick and simple and only requires that power be brought to one fixture in each continuous row.

- The unique fixture design and the long life Mid-Power LED source minimizes maintenance to only an occasional cleaning of outer lens surfaces.

- This successful system is truly a "set it and forget it" solution that is only offered from Security Lighting

SPECIFICATIONS

CONSTRUCTION
- Powder-coated mounting brackets that conceal power cables
- Fixture to fixture connections are made external to the fixture

OPTICS
- 5000K color temp standard
- Tempered glass lens
- Down only full cut off

INSTALLATION
- Each order ships with a formed drilling template for accurate and quick installation
- All subsequent fixtures quickly plug together in series
- Fixtures are not opened during the installation process
- Complete instructions for fixture installation posted on web site at www.secuirtylighting.com

ELECTRICAL
- Fully integrated driver for completely self-contained lighting system
- Power feed required only at beginning of each continuous row or stand alone fixture

WARRANTY
- 5 year warranty
- See HLI Standard Warranty for additional information

ORDERING GUIDE
