

GU24

LED 9 Watt Lamp

The Green Creative™ 97909 A19 LED is designed to provide an Omni-directional light distribution, making it a tremendous addition to Security Lightings full line of décor pendants.

The Omni Directional LEDs emit light from the entire bulb, creating a more vast space of light in a 270 to 300 degree angle. This pattern of light reduces the hot spot on most fixtures and makes them well suited for anywhere that non-directional light is needed.

Features

- 9-Watt A19 Omni Directional bulb
- Replaces a 60-Watt incandescent
- Produces 820 Lumens
- 3000 Kelvin for more vivid color
- Totally enclosed fixture rated
- GU24 base installation
