

Application	Acme's TB Series Industrial Control Transformers are especially designed to accommodate the momentary current inrush caused when electromagnetic components are energized... without sacrificing secondary voltage stability beyond practical limits. The transformer's windings and internal terminations are encased in a durable thermoplastic end cap, protecting them from potentially damaging moisture, dirt and other ambient contaminants. Acme's TB Series transformers are dry-type, step-down transformers with the secondary control circuit isolated from the primary line circuit to assure maximum safety.
Color	Black
Secondary Voltage	115 V
UPC	047503009956

Dimensions

Dimensions	5.17 in x 5.25 in x 5.29 in
Height	5.29 in
Length	5.17 in
Weight	13.6 lb
Width	5.25 in

Electrical Ratings

Frequency Rating	50/60 Hz
Primary Voltage	208/230/460 V

Logistics

Carton Quantity	1
Pallet Quantity	48
