Half-Panel Single Door Freestanding 24.8X20 Carbon Steel - White

The WA Series half length back panel is used in NEMA 4,12 and stainless steel single door/single access or single door/dual access freestanding enclosures. All necessary mounting hardware is included.

- Fabricated from carbon steel
- Position panels anywhere along horizontal depth-wise mounting channels

Panels for single-door single-access and single-door dual-access, freestanding NEMA 12, freestanding stainless steel enclosures. Panels are 10 gauge steel and can be positioned anywhere along horizontal depth-wise mounting channels. Half-length panels can be located in the upper or lower portion of the enclosure. Mounting hardware furnished with each panel. Panels are painted with a white smooth hybrid finish. Panels may be used in two-door enclosures along with other freestanding accessories.
