N12 Four Door Freestanding 86X149X20 Carbon Steel - Gray

Product Details

General

Application	Designed to protect electronic controls, components and instruments in typical industrial environments from dust, dirt, oil and dripping water. These enclosures are used in machine tool applications for housing motor starters, drives, contactors, PLC's as well as a wide variety of other electrical and electronic equipment found in automotive, pulp and paper, wood products, textile and similar industries. Select from three, four or five door options to best meet your application requirements.
