APPLICATIONS:

The 1172 is a 5" direct/indirect wall mount cylinder used to achieve direct/indirect illumination patterns on vertical walls or columns. The fixture is properly scaled for use with PAR30/BR30 lamp sources. The 1172 is suitable for a wide variety of commercial, retail and institutional applications including covered building exteriors, column, and corridor illumination.

HOUSING:

.052" thick seamless extruded aluminum cylinder. Interlocking parts ensure proper cylinder alignment. Durable powder coated paint finish. Specify: brushed aluminum, matte black, bronze, matte white or Prescolite's exclusive Zet, metallic silver.

REFLECTOR:

Specify painted black interior, one-piece milligroove black baffle, black cone, or clear Alzak reflector.

LAMP:

Two (2) 75W PAR20 or R20 lamps. Lamps furnished by others.

SOCKET:

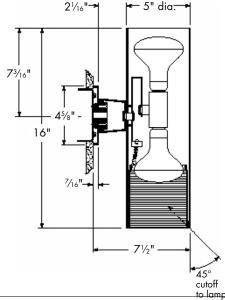

Porcelain double socket with nickel plated screw shell.

INSTALLATION:

Easy installation onto standard J-Box.

LABELS:

UL, CSA listed for damp locations
