

FEATURES

- High lumen LED troffer
- 7,775 to 14,750 nominal lumens
- Attractive, custom formulated Smooth Frosted Acrylic (SFA) lens eliminates LED pixilation
- Long life LEDs rated 60,000 hours at L80 with over 100,000 hours projected for reduced life cycle maintenance costs
- Four LED color options for retail, health care, office and education
- Fixed output, or 0-10V dimming drivers
- Two door frame choices
- Metal to metal light leak protection on all four sides of shielding frame
- Hinged optical system allows easy access to LED modules and electrical from below the ceiling
- Controls friendly
- Compatible with Hubbell Lighting Dual-Lite inverters
- DLC® (DesignLights Consortium) Qualified - see www.designlights.org
- Five year warranty

PROJECT INFORMATION

Project Name _____

Type _____

Catalog No. _____

Date _____

CONSTRUCTION

Luminaire housing, end caps, and reflectors are die-formed code-gauge cold-rolled steel. Optical system hinges from either side for easy access to LED module and electrical components. Mechanical light trap prevents light leaks.

FINISH

All metal parts processed with a multi-stage phosphate bonding treatment and finished with a high reflectance baked white enamel.

SHIELDING

Shielding is smooth frosted acrylic designed to provide optimal light transmissions while minimizing the view of LEDs through the lens.

INSTALLATION

An access plate is furnished with each recessed fixture for fast wiring connections without the necessity to open the fixture or wireway.

CEILING COMPATIBILITY

Designed for recessed installation in standard inverted tee grid ceilings (G), recessed installation in hard ceilings (G with FK accessory), or cable mount suspension below ceiling plane (CM); not available as surface mount. For compatibility with specific ceilings contact your Hubbell Lighting representative. Grid mount preferred. Must have above ceiling access for hard ceilings.

CERTIFICATION

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate CSA labels. Damp location labeling is standard. Emergency equipped fixtures labeled UL924. Adheres to LM79, LM80 and TM21 industry standards. DLC® (DesignLights Consortium) Qualified. Please refer to the DLC website for specific product qualifications at www.designlights.org.

WARRANTY

Five year warranty. (Terms and Conditions apply)

ORDERING INFORMATION

SIZE	LUMEN OUTPUT	DOOR							
22 2' x 2'	HL High Lumen VL Very High Lumen <small>See Product Availability Table below</small>	FS White Flush Steel FA White Flush Aluminum <small>For more door options contact factory.</small>							

¹ For hard ceilings use flange kit accessory; must have above ceiling access.

² Order hanger accessories separately.

³ For compatibility with Dual-Lite LiteGear® inverters in lieu of installed battery pack, contact Hubbell Lighting Representative.

⁴ Not available with Cable Mount.

⁵ In-Fixture Module Antenna adds 2" to overall fixture height at power feed location.

Damp label—standard.

PRODUCT AVAILABILITY

SIZE	OUTPUT	NOMINAL LUMENS	NOMINAL WATTS	EFFICACY
2' x 2'	HL	7,795-8,300	69	112-120
2' x 2'	VL	13,885-14,785	133	101-111

Actual lumens will vary according to color temperature and shielding. For exact lumens and watts see specific photometric test(s).

ACCESSORIES (ORDER SEPARATELY)

DIMENSIONAL DATA

NOTE: All dimensions are in inches; dimensions and specifications are subject to change without notice. Please consult factory or check sample for verification.

CEILING COMPATIBILITY

For lay-in installation in exposed grid ceilings. Maximum tee widths of 1" and maximum tee heights of 2" allowed.

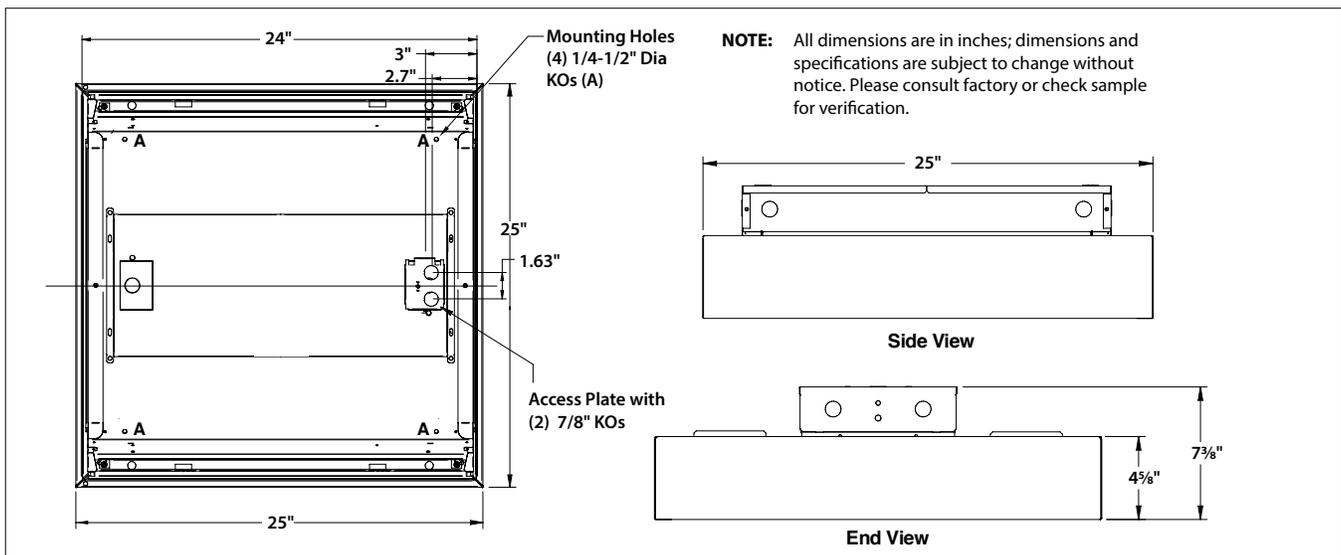

For hard ceiling applications order FK22 flange kit. Flange kit wires directly into concealed ceiling opening for a clean, finished appearance.

FKCR
LJL can be mounted in rows, however it is not available with through wiring.

For flanged fixtures in row configurations, the FKCR adapter bracket kit is required in addition to the FK22 kit. Order one less FKCR than the total number of fixtures in row. (Example: Row of two, order (2) FK22 & (1) FKCR)

Row cut out dimensions using FK22 & FKCR adapters:
Width 24 3/8", Length [24" x (# in row)] + 3/4". Example: (24" x 2) + 3/8" = 48 3/8"
Flange kit rough in dimensions for single unit only: 24 3/8" x 24 3/8"

DIMENSIONAL DATA - CABLE MOUNT (CM)

NOTE: All dimensions are in inches; dimensions and specifications are subject to change without notice. Please consult factory or check sample for verification.

CABLE MOUNT

Order CM ceiling type. Access plate supplied for cable mounting or suspension. Use CM48Y2C3F-KIT 48" cable mount kit. Includes 3 wire feed cord. For other wiring needs, contact Hubbell Lighting representative. Mounting knock-outs, 1/4" to 1/2", provided as shown, marked "A".
