

15-YEAR LIMITED WARRANTY

Progress Lighting fan motors are warranted to the END USER to be free of electrical and/or mechanical defects for a period of 15 (fifteen) years from date of sale. Pull chain switches, reverse switches, capacitors and metal finishes are warranted for a period of 1 year. Warping of wooden or plastic blades is not covered by this warranty.

The END USER has the option of returning the defective fan to the place of purchase during the first 30 days for a replacement. After 30 days, the purchaser MUST contact Progress Lighting for repair or replacement. The END USER also bears the responsibility for all costs in the removal, shipping and reinstallation of fans or parts for repair or replacement.

Progress Lighting will not assume liability or responsibility for damages (including incidental or consequential) caused by the improper installation or operation of the unit or its component parts, or by the failure of supporting hardware not supplied by Progress Lighting. This warranty is given in lieu of all other guarantees, whether expressed or implied, and is voided in cases of abuse, misuse or improper handling, negligence, shipping damage, unauthorized repairs (made or attempted) or unusual application.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitations of incidental or consequential damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific rights and you may have other rights which vary from state to state.
